YEASTOLE
Is rich in the vitamins which prevent premature old age and sterility. 400,000 people in the United States die every year from diseases peculiar to old age, and 60,000 die before the age of 40 years. Many thousand more are made unfit from the effects of mal-nutrition and become susceptible to disease, this it has been ascertained is largely due to insufficient vitamins in the diet, without which life must cease. Yeastole corrects this. Large can 30 cents at Druggists and Grocers. 87tf

ENTERTAIN FOR PRESBYTERIAN CHOIR

A very pleasing social affair was held at the home of Dr. and Mrs. W. M. West Friday evening, in honor of the Presbyterian choir, the church and Sunday school organists and the pastor and his wife. The hostesses were Mrs. W. M. West, Mrs. J. V. Dysart, Mrs. Olla Boynton, Mrs. C. W. Johnston and Mrs. G. W. Chapin.

At 7 o'clock a three course dinner was served by the hostesses. The color scheme for the dinner and table decorations was pink and white. Pink carantions were given as favors.

Following the dinner the choir sang a song, the words of which were composed by Mrs. Shipley, using the tune to "Theres' a Light in the Window Burning for Me." The words are as follows:

"Did you ever have such a pleasant time?
No, I never had such a pleasant time—did you?
No, No, did you?—No, no, did you?
No, no, no, no, no, no, no.

We never had such a pleasant time
The eats have been so very fine
And now we feel to you our thanks are due
"We thank you for this kind expression from you.
We know that your hearts are so good and so true,
"I will long in our Mem'ries be ever bright and new
And help us, in all of the work that we do.

"I feel so full I cannot sing
I feel so full I cannot sing, can you?
No, no, can you? No, no, can you?
No, no, no, no, no, no, no.
It may not be the proper thing
But we are so full we cannot sing
So that we feel that we can do no more."

The song made such a "hit" that the singers were requested to sing it again and again.

The time was further spent in playing Rook, after which the assembly sang old songs.

Those present were Mr. and Mrs. M. C. Shipley, Mr. and Mrs. George J. C. Wilhelm, Dr. and Mrs. L. H. Ferguson, Mr. and Mrs. H. T. Osborn, Mr. and Mrs. O. H. Hudson, Mr. and Mrs. H. C. Fleming, Mr. and Mrs. H. M. McIntosh, Dr. and Mrs. F. F. Dobson, Mrs. W. F. Landrum, Mrs. W. J. Mills, Mrs. Walter Draper, Miss Winnie Taylor, Leslie Mason, Mr. and Mrs. C. W. Johnston, Dr. and Mrs. W. M. West, Mrs. J. V. Dysart, Mrs. Olla Boynton, Mrs. G. W. Chapin.

CHAMBERLAIN'S COUGH REMEDY AIDS NATURE

Medicines that aid nature are always most effectual. Chamberlain's Cough Remedy acts on this plan. It allays the cough, relieves the lungs, aids expectoration, opens the secretions and aids nature in restoring the system to a healthy condition. Thousands have testified to its good qualities. Try it when you have a cough or cold.

A JUDICIOUS INQUIRY

A well known traveling man who visits the drug trade, says he has often heard druggists ask a customer, who wished to buy a cough medicine, whether it was for a child or an adult and if for a child, they almost invariably recommended Chamberlain's Cough Remedy. The reason for this is that they know there is no danger from it and that it always cures. There is not the least danger in giving it and for colds, croup and whooping cough it is unsurpassed.

HENS MAY SAVE AMERICA

Some prominent bankers and business men have recently stated that the profit from hens had been the salvation of American farmers.

Miller Purvis, in the Breeders' Gazette, says: "It would not frighten me at all to be deprived of all I have if I had only 100 hens to begin over with. I would have food and clothes and a bank account before the end of two years. I would not live sumptuously, but I would not miss a meal, nor lack clothing." We are sure Mr. Purvis would feed these 100 hens Quisenberry's Buttermilk Laying Mash. Three pounds of this feed with other particles of food the hens pick up, will make one dozen eggs.

Hens fed scratch grain alone become overly fat and will not lay. Quisenberry Buttermilk Laying Mash is guaranteed to practically double your egg yield. With this mash poultry raisers get an average of two hundred eggs per hen a year, and many hens have made records of over three hundred eggs a year on the same feed. This feed also stores vitality in the hen and in the egg. Prevents dead chicks in the shell, and insures fertility and big hatches.

The Quisenberry Buttermilk Chick Starting Food will save loss of chicks at hatching time, prevent diarrhea, and insure rapid growth. No other feed equals it in results, regardless of make or price. This we guarantee.

Buy one hundred pounds of Buttermilk Laying Mash this week while we give free feeders with each sack. We guarantee more eggs if you feed according to directions and give hens proper care. Call at Whitlock-Lines, Monett, Mo., and get a sack. w25&dtf
